MEDICAL AND PRESCRIPTION BENEFITS

JANTRAN employees can enroll in the PPO medical plans offered through BlueCross BlueShield of Arkansas. The PPO plan offer preventive care visits covered at 100%, an out-of-pocket maximum to protect you should a catastrophic event occur, and out-of-network coverage if needed. Although out-of-network coverage is available, using in-network providers will save you money. You can find BlueCross BlueShield of Arkansas network providers online at blueadvantagearkansas.com.

Prescription Drugs

When you enroll in the PPO medical plan, you are automatically enrolled in prescription drug coverage. If you regularly take the same medications, a mail-order program may allow you to get a 90-day supply for a lower cost, saving you trips to the pharmacy and time waiting in line.

Check with your pharmacy to determine if any special programs are available. Discuss lower-cost alternatives with your physician and check the insurance company's website for a complete drug list at blueadvantagearkansas.com.

Retail Prescription Program

The retail prescription program uses a network of participating pharmacies. To receive the highest level of benefits, you must use a participating pharmacy. For more information about a particular pharmacy or pharmacy claim, visit blueadvantagearkansas.com or call 888-872-2531.

Mail Order Program

The mail order program offers a convenient and cost-effective way to fill prescriptions for medications you take on a regular basis (maintenance medications). Your medications are mailed directly to your home. To order prescriptions through the mail order program, please visit blueadvantagearkansas.com or call 888-872-2531.

SHARx Program for Specialty Medication

Coverage for specialty drugs is only applicable through the pharmacy program if the SHARx program fails to provide a solution. SHARx solutions assist members in obtaining specialty medication through a variety of sources, including manufacturer assistance programs, copay cards, grants, and mail order pharmacies. Contact SHARx customer service at 341-451-3555.

Where to Go for Care

The cost for care and the time you wait can vary greatly depending on where you go. Below is a simple guide to choosing the right place for health care. In addition to clinical settings, you can access Virtual Health for virtual visits.

24/7 Nurseline

If an unexpected medical situation arises, a nurse can help you decide whether to call your doctor, visit the ER or urgent care, or treat the problem yourself. A nurse can also tell you if you can wait to see the doctor the next day.

Doctor's Office

Your primary care physician (PCP) should be your first choice for non-emergency care and ongoing health conditions. Your PCP knows your medical history, can help manage chronic conditions, and recommend specialists or other medical care.

Virtual Visit

If your doctor isn't available, you are out of town, or you need care after hours for a simple condition, try a virtual visit. Go online or access the app to make an appointment with a physician anytime, 24/7, wherever you are.

Urgent Care and Retail Clinics

If your doctor isn't available or you need care after hours for a non-life-threatening issue, visit an urgent care or retail health clinic for simple conditions such as a cold or the flu. Urgent care centers can provide a greater range of care, including X-rays.

Emergency Room

Only visit the ER for serious, life-threatening medical care. If you are dealing with a health emergency, call 911 or go to the ER immediately. Do not visit for routine care or minor ailments.

Prevention & Oral Hygiene

Oral health problems—ranging from cavities to cancer—are painful and costly. This is alarming because almost all oral diseases can be prevented with the proper knowledge and prevention techniques. Seeing a dentist twice a year is recommended for most people. However, people with a high risk of problems might need to see the dentist every three or four months for optimal care. Maintaining good oral hygiene is one of the most important things you can do for your teeth and gums.

Vision Benefits

JANTRAN offers vision coverage through MetLife on the VSP network. The vision plan allows you to use in-network or out-of-network providers. However, when using out-of-network providers, you will pay expenses at the time of service and file a claim for reimbursement. Before you enroll in this plan, read all of the rules very carefully and compare them with the rules of any other plan that covers you or your family.

2. You'll be taken to a screen that asks you to select whether you would like to login or register. The interface may vary.

Children's Term Life Insurance Rider

An Employee may enroll for term life insurance coverage on all of their eligible children not to exceed the amount of Employee Lifetime Life insurance. The benefit options for this rider are listed in this proposal. The Children's Term Life Insurance Rider covers all children for the same benefit amount (defined benefit). The premium for this rider is a single rate per unit of face amount, regardless of the number of children.

Children's Term Life Insurance Rider Form #GLL-CHR-23. May vary by state.

Accelerated Death Benefit Rider for Terminal Illness

An insured may collect a portion of their benefit amount if the insured has a qualifying event as defined in the rider. An Accelerated Death Benefit payment will reduce the insured's death benefit. Any remaining death benefit will be payable to the beneficiary upon the insured's death.

Accelerated Death Benefit Rider Form #GLL-ABR-TI-23. May vary by state.

Accelerated Death Benefit Rider for Long Term Care

If the insured is chronically ill and receiving qualified long-term care services, they may collect a portion or all of their death benefit amount after meeting the elimination period of 90 days. A chronic illness is an inability to perform two or more Activities of Daily Living (ADLs) or Severe Cognitive Impairment. See rider for complete definition. The Long-Term Care Accelerated Rider will pay a percentage of your face amount each month, which can help with the growing cost of care. An Accelerated Death Benefit payment will reduce the insured's death benefit.

The Accelerated Death Benefit Rider for Long Term Care also includes two optional benefits – Extension of Benefits and Restoration of benefits.

* Extension of Benefits: Once Accelerated Death Benefit payments have been exhausted under the Accelerated Death Benefit Rider for Long Term Care, the Extension of Benefits allows for one additional extension of the accelerated payments.

* Restoration of Benefits: The restoration of benefits option "restores" the death benefit after each accelerated payment, this feature restores the death benefit to 90% of the original death benefit.

Once an Accelerated Death Benefit Rider for Long Term Care is approved, premium is waived automatically for the duration of the claim. There is no additional premium for this feature.

Accelerated Death Benefit Rider for Long Term Care Form #GLL-ABRLTC-23. May vary by state.

Your retirement plan—one great benefit, lots of *advantages*

Your retirement plan can be a great way to help you build your financial future. Be sure you're not missing out on the many ways you can benefit.

Tax savings now

When your contributions are taken out of your paycheck before federal income taxes, you may be able to lower your taxable income and find yourself in a lower tax bracket.

Tax savings later

Your retirement plan savings grow tax deferred, so your money and any earnings aren't taxed until withdrawal, ideally at retirement, when your tax rate may be lower.

Flexibility

You contribute as much as you want (subject to plan and IRS limits) to your plan. Plus, you have the flexibility to change your contribution rate at any time (subject to plan limits).

Join your retirement plan today!

Be sure to provide an email address and mobile number to stay connected and get important plan updates and transaction details.

Get started today!

Get started on building your financial future, today!

It's yours!

Even if you change jobs, your contributions and earnings belong to you. You'll typically have several distribution options to help you keep your retirement savings invested and growing on a tax-deferred basis.[1]

Convenience

Your contributions are deducted from your paycheck automatically, so the money you're saving goes right from your paycheck to your plan account. And with regular contributions, your retirement account has a chance to add up.

Power of compounding

Compounding is the growth on your original contributions and the earnings. With time on your side, compounding can go a long way toward giving your savings an opportunity to keep growing.

When you save through your retirement plan, your deposits generate earnings. Those earnings are reinvested and generate their own earnings. The earlier you start saving, the more powerful the effect of compounding can be. Start small and incrementally increase your contributions to help meet your savings need. See below how putting away $200 each month in your retirement plan ($50 each week) can grow over time.

$72,000 + **$128,903** → **$200,903**

Total deposits (Principal + contributions) | **Total interest** | **Final balance**

This chart is for illustrative purposes only and assumes a $0 starting balance, $200 per month in contributions, and a 6% annual rate of return.

There is no guarantee that the results shown will be achieved or maintained over any time period. This example assumes no withdrawals; does not take into account fees associated with investing, which, if included, would reduce the account balance; and assumes reinvestment of earnings. Taxes are due at withdrawal.

FREQUENTLY ASKED Q&A

General

If I am already enrolled and not making any changes, do I have to complete the Open Enrollment process?
No. However, you are encouraged to review your benefits each year to make sure what you are enrolled in is still what is best for you. It's also a good time to review your beneficiary information.

If I want to decline coverage, must I still complete the Open enrollment process?
Yes. It is important that Human Resources has a record of your decision. Please keep in mind that if you decline coverage, you won't be able to elect coverage during the year unless you have a special qualifying event such as a marriage, divorce, birth or adoption of a child, or loss of other coverage.

Can I enroll my spouse or dependent on one plan and myself on another?
No. All covered dependents, including spouse, must be on the same plan as the employee.

Can I drop or change plans during the plan year?
Changes can only be made if there has been a qualifying event or personal life change. Examples include marriage, divorce, birth of a child, or change in employment status.

What is the difference between a calendar year and a contract year?
A plan on a calendar year runs from January 1–December 31. Items like deductible, maximum out- of-pocket expense, etc. will reset every January 1. All Individual and Family plans are on a calendar year.
A plan on a contract year (also called benefit year) runs for any 12-month period within the year. Items like deductible, maximum out-of-pocket expense, etc. will reset at the plan's renewal date. For example, ABC Company renews on July 1 every year. Your deductible would start July 1 and end on June 30. The deductible would reset every July 1 for JANTRAN Company members.

What happens if I sign up for insurance but find later on in the year that I cannot afford the premiums?
If the reason for your change in affordability is due to a life-changing event such as the loss of a job, death of a spouse, or birth of a child, you would be eligible for special enrollment within 30 days of the event. If you do not enroll during this period, you will not be assured a health plan will cover you either through the Health Insurance Marketplace or in the private market. If you do not pay your premium, you could lose coverage and will not be able to enroll again until the next open enrollment period.

Benefit Payments
For benefits received in the Network, you are responsible only for your co-payment, deductible and coinsurance amounts. Your provider will file the claim.

Medical

Should I notify my pharmacy and physician of my benefits plan with BlueCross BlueShield of Arkansas?
Yes. On your next visit to the pharmacy or doctor, simply present your BCBS ID card. This will allow the provider to correctly bill BCBS for the services you have received. It's important to inform your physician of the requirement to utilize an BCBS facility as a medical plan participant.

Required Notices

This document outlines important annual, required legal notices for JANTRAN. If you have any questions about these notices, contact the Human Resources at 662-759-6841.

Women's Health and Cancer Rights Act (WHCRA) of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act (WHCRA) of 1998. For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan.

If you have questions about your benefits under HKS medical plans, please call the member services number on your medical plan ID card or contact Payroll & Benefits.

Newborns' and Mothers' Health Protection Act

Federal law (Newborns' and Mothers' Health Protection Act of 1996) prohibits the plan from limiting a mother's or newborn's length of hospital stay to less than 48 hours for a vaginal delivery or 96 hours for a Cesarean delivery or from requiring the provider to obtain pre- authorization for a stay of 48 or 96 hours, as appropriate. However, federal law generally does not prohibit the attending provider, after consultation with the mother, from discharging the mother or her newborn earlier than 48 hours for normal delivery or 96 hours as applicable.

Notice of Special Enrollment Rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 31 days" after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Further, if you decline enrollment for yourself or eligible dependents (including your spouse) while Medicaid coverage or coverage under a State CHIP program is in effect, you may be able to enroll yourself and your dependents in this plan if:

- Coverage is lost under Medicaid or a State CHIP program; or
- You or your dependents become eligible for a premium assistance subsidy from the State.

In either case, you must request enrollment within 60 days from the loss of coverage or the date you become eligible for premium assistance.

To request special enrollment or obtain more information, contact person listed at the end of this summary.

Important Notice from JANTRAN About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with BlueCross BlueShield and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. JANTRAN has determined that the prescription drug coverage offered by BlueCross BlueShield is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

Required Notices

When Can You Join A Medicare Drug Plan?
You can join a Medicare drug plan when you first become eligible for Medicare and each year during Open Enrollment.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?
If you decide to join a Medicare drug plan, your current JANTRAN coverage will not be affected.

If you do decide to join a Medicare drug plan and drop your current JANTRAN coverage, be aware that you and your dependents will be able to get this coverage back (during open enrollment or in the case of a special enrollment opportunity).

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?
You should also know that if you drop or lose your current coverage with JANTRAN and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?
Contact the person listed on the next page for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through JANTRAN changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...
More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the
- "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Statement of ERISA Rights

As a participant in the Plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 ("ERISA"). ERISA provides that all participants shall be entitled to:

Receive Information about Your Plan and Benefits

- Examine, without charge, at the Plan Administrator's office and at other specified locations, the Plan and Plan documents, including the insurance contract and copies of all documents filed by the Plan with the U.S. Department of Labor, if any, such as annual reports and Plan descriptions.
- Obtain copies of the Plan documents and other Plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for the copies.
- Receive a summary of the Plan's annual financial report, if required to be furnished under ERISA. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report, if any.

Required Notices

Continue Group Health Plan Coverage
If applicable, you may continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You and your dependents may have to pay for such coverage. Review the summary plan description and the documents governing the Plan for the rules on COBRA continuation of coverage rights.

Prudent Actions by Plan Fiduciaries
In addition to creating rights for participants, ERISA imposes duties upon the people who are responsible for operation of the Plan. These people, called "fiduciaries" of the Plan, have a duty to operate the Plan prudently and in the interest of you and other Plan participants.

No one, including the Company or any other person, may fire you or discriminate against you in any way to prevent you from obtaining welfare benefits or exercising your rights under ERISA.

Enforce your Rights
If your claim for a welfare benefit is denied in whole or in part, you must receive a written explanation of the reason for the denial. You have a right to have the Plan review and reconsider your claim.

Under ERISA, there are steps you can take to enforce these rights. For instance, if you request materials from the Plan Administrator and do not receive them within 30 days, you may file suit in federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $149 per day (up to a $1,496 cap per request), until you receive the materials, unless the materials were not sent due to reasons beyond the control of the Plan Administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, and you have exhausted the available claims procedures under the Plan, you may file suit in a state or federal court. If it should happen that Plan fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose (for example, if the court finds your claim is frivolous) the court may order you to pay these costs and fees.

Assistance with your Questions
If you have any questions about your Plan, this statement, or your rights under ERISA, you should contact the nearest office of the Employee Benefits and Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits and Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210.

Notice of Privacy Practices Regarding Your Medical Information
THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.
We understand that your medical information is private, and we are committed to maintaining the privacy of your medical information.

This notice describes the ways in which the component plans that are considered group health plans under the Health Benefit Plan of JANTRAN (hereafter the "Plan") sponsored by JANTRAN (the "Company") may use and disclose medical information about you. This notice also describes your rights regarding the use and disclosure of your medical information.

The Plan is required by law to maintain the privacy of medical information about you, provide you with certain rights with respect to your medical information, to provide you with this notice about the Plan's legal duties and privacy practices with respect to medical information about you, to maintain the privacy of medical information about you, and to abide by the terms of this notice as it is currently in effect.

Each time you submit a claim to the Plan for reimbursement, and each time you see a health care provider who is paid by the Plan, a record is created. The record may contain your medical information. In general, the Plan will only use or disclose your medical information without your authorization for the specific reasons detailed below. Except in limited circumstances, the amount of information used or disclosed will be limited to the minimum necessary to accomplish the intent of the use or disclosure. The Plan does not operate by itself but rather is operated and administered by the Company acting on the Plan's behalf. As a result, medical information used or disclosed by the Plan (as discussed below) necessarily means that the Company is using or disclosing the medical information on behalf of the Plan. As a result, references to the Plan in this Notice of Privacy Practices should also be construed as references to the Company to the extent necessary to carry out the actions of the Plan.

Required Notices

The health plans identified above may share your medical information with each other to carry out treatment, payment, and health care operations.

PERMITTED USES AND DISCLOSURES

The following categories describe different ways that the Plan may use or disclose your medical information. Not every use or disclosure in a category will be listed. However, all of the ways the Plan is permitted to use and disclose information will fall within one of the categories.

Primary Uses and Disclosures of Your Medical Information

Treatment. The Plan may use or disclose your medical information to facilitate medical treatment or services by providers. The Plan may disclose your medical information to providers, including doctors, nurses, technicians, pharmacists, medical students, or other hospital personnel who are involved in your care. For example, the Plan might disclose information about your prior prescriptions to a pharmacist to determine if a pending prescription is contraindicative of prior prescriptions.

Payment. The Plan may use and disclose your medical information to determine eligibility for Plan benefits, to facilitate payment for the treatment and services you receive from health care providers, to determine benefit responsibility under the Plan, or to coordinate Plan coverage. For example, the Plan may tell your health care provider about your medical history to determine whether a particular treatment is experimental, investigational, or medically necessary or to determine whether the Plan will cover the treatment. The Plan may also share medical information with a utilization review or precertification service provider. Likewise, the Plan may share medical information with another entity to assist with the adjudication or subrogation of health claims or to another health plan to coordinate benefit payments.

Health Care Operations. The Plan may use and disclose your medical information for other Plan operations. These uses and disclosures are necessary to run the Plan. For example, the Plan may use medical information in connection with: conducting quality assessment and improvement activities; underwriting (with respect to medical information other than medical information which is genetic information), premium rating, and other activities relating to Plan coverage; submitting claims for stop-loss (or excess loss) coverage; conducting or arranging for medical review, legal services, audit services, and fraud and abuse detection programs; business planning and development such as cost management; and business management and general Plan administrative activities.

Family Members, Relatives, Close Personal Friends. The Plan may disclose your health information to your family members, relatives, or close personal friends if the information is directly relevant to the family or friend's involvement with your care or payment for your care and you have either agreed to the disclosure or have been given an opportunity to object and have not objected. The Plan may also disclose your health information if you are not able to agree or object or are not present if it has determined that the disclosure is in your best interests.

The Company. The Plan may disclose medical information about you to the Company for Plan administration purposes.

Business Associates. The Plan contracts with individuals and entities ("business associates") to perform various functions on behalf of the Plan or provide services to the Plan. These business associates may receive, create, maintain, use, or disclose your medical information, but only after they agree in writing to safeguard your medical information. For example, the Plan may disclose your medical information to a business associate to administer claims, perform utilization review management, or review the Plan's financial records.

Covered Entities. The Plan may use and disclose your medical information to assist health care providers with their treatment or payment activities, or to assist other health plans or health care clearing houses with payment activities and certain health care operations. For example, the Plan may disclose your medical information to a health care provider to conduct health care operations in the areas of quality assurance, accreditation, licensing, etc. This also means that the Plan may disclose your medical information to other health plans and/or insurance carriers to coordinate benefits, if you have coverage through another health plan or insurance carrier.

Other Possible Uses and Disclosures of Your Medical Information

Requirement by Law. The Plan will disclose your medical information when required to do so by federal, state, or local law. For example, the Plan may disclose medical information when required by a court order in a litigation proceeding such as a malpractice action.

Aversion of a Serious Threat to Health or Safety. Consistent with applicable federal and state laws, the Plan may use or disclose your medical information when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. Any disclosure, however, would only be to someone able to help prevent the threat. For example, the Plan may disclose your medical information in a proceeding regarding the licensure of a physician.

Required Notices

Organ and Tissue Donation. If you are an organ donor, the Plan may release your medical information to organizations that handle organ procurement or organ, eye, or tissue transplantation or to an organ donation bank, as necessary to facilitate organ or tissue donation and transplantation.

Military and Veterans. If you are a member of the armed forces, the Plan may release your medical information as required by military command authorities. The Plan may also release medical information about foreign military personnel to the appropriate foreign military authority.

Workers' Compensation. The Plan may release your medical information for workers' compensation or similar programs. These programs provide benefits for work related injuries or illness.

Organ and Tissue Donation. The Plan may disclose your medical information for public health activities. These activities generally include the following: prevention/ control of disease, injury, or disability; reporting births and deaths; reporting child abuse or neglect; reporting reactions to medications or problems with products; notifying people of recalls of products they may be using; notifying a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition; notifying the appropriate government authority if we believe a patient has been the victim of abuse, neglect, or domestic violence. The Plan will only make this disclosure if you agree or when required or authorized by law.

Health Oversight Activities. The Plan may disclose medical information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure proceedings. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

Lawsuits and Disputes. If you are involved in a lawsuit or dispute, the Plan may disclose your medical information in response to a court or administrative order. The Plan may also disclose your medical information in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

Law Enforcement. The Plan may release your medical information if asked to do so by a law enforcement official: in response to a court order, subpoena, warrant, summons or similar process; to identify or locate a suspect, fugitive, material witness or missing person; if you are, or are suspected to be, the victim of a crime, under certain limited circumstances, and the Plan Administrator is unable to obtain your agreement; about a death the Plan Administrator believes may be the result of criminal conduct; about criminal conduct on the Company's premises; or in emergency circumstances to report a crime, the location of the crime or victims, or the identity, description, or location of the person who committed the crime.

Department of Health and Human Services. The Plan will disclose your medical information to the U.S. Department of Health and Human Services when requested for purposes of determining the Plan's compliance with applicable regulations.

Coroners, Medical Examiners, and Funeral Directors. The Plan may release medical information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death. The Plan may also release medical information to funeral directors as necessary to carry out their duties.

National Security and Intelligence Activities. The Plan may release your medical information to authorized federal officials for intelligence, counterintelligence, and other national security activities authorized by law.

Inmates. If you are an inmate of a correctional institution or under the custody of a law enforcement official, the Plan may release your medical information to the correctional institution or law enforcement official. This release would be necessary (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) for the safety and security of the correctional institution.

Other Benefits. The Plan may contact you to provide information about treatment alternatives or other health related benefits and services that may be of interest to you. For example, if you are suffering from a complex illness, the Plan may contact you to discuss an alternate form of care or an alternate treatment facility.

YOUR RIGHTS REGARDING YOUR MEDICAL INFORMATION

Right to Access and Copy. The Plan will make your medical information available to you for inspection and copying upon your written request. Please contact the individual listed below under the section titled "For More Information" to request the necessary paperwork. The Plan may charge a fee for the costs of copying, mailing or other supplies associated with your request. If the Plan maintains any of your medical information in an electronic health record, you can get a copy of that information in electronic format.

Required Notices

The Plan may deny your request to inspect and copy in certain limited circumstances. If you are denied access to medical information, you may request that the denial be reviewed in certain circumstances.

Right to Request an Amendment. If you feel that medical information the Plan has about you is incorrect or incomplete, you may ask the Plan to amend the information. The Plan may deny your request for an amendment in certain circumstances, including your failure to request the amendment in writing or to include a reason to support the request, or, for example, if the information to be amended was not created by the Plan or is accurate and complete.

Right to an Accounting of Disclosures. If you wish to know to whom medical information about you has been disclosed, you may make a written request to the Plan. Please contact the individual listed below under the section titled "For More Information" to request the necessary paperwork.
Your request must state the time period for which you would like the accounting, and cannot include dates prior to the six-year period ending on the date of your request (in other words, if your request is dated January 1, 2012, you cannot request an accounting of disclosures for time periods prior to January 1, 2006). Your request should indicate in what form you want the accounting (for example, paper or electronic). The first accounting you request within a 12-month period will be free. For additional accountings, the Plan may charge you for the costs of providing the accounting. The Plan will notify you of the cost involved, and you may choose to withdraw or modify your request at that time before any costs are incurred.

The accounting will not include disclosures for the purposes of treatment, payment, or health care operations (provided, that, to the extent required by law, if the Plan maintains an electronic health record, the accounting will include such disclosures made through an electronic health record). In addition, the accounting will not include disclosures, which you have authorized in writing or for certain other purposes.

Right to Request Restrictions. You may request that the Plan restrict or limit the medical information the Plan uses or discloses about you for treatment, payment, or health care operations. In addition, you may request that the Plan limit the medical information disclosed about you to someone who is involved in your care or the payment for your care, like a family member or friend. For example, you could ask that the Plan not use or disclose information about a surgery you had.

To request a restriction or limitation, please contact the individual listed below under the section titled "For More Information." Your request must be in writing. In your request, you must specify (1) what information you want to limit; (2) whether you want to limit use, disclosure, or both; and (3) to whom you want the limits to apply, for example, disclosures to your spouse.

Please note that the Plan is not required to agree to your request, unless your request is to restrict disclosures to another health plan for payment or plan operations purposes and the health information pertains solely to a health care item or service for which you have already paid a health care provider out-of-pocket in full.

Right to Request Confidential Communications. If the disclosure of your medical information could endanger you, you may request that the Plan communicate with you about medical matters in a certain way or at a certain location. For example, you may request that the Plan only contact you at work or by mail. To request confidential communications, please contact the individual listed below under the section titled "For More Information." Your request must specify how or where you wish to be contacted. The Plan will only accommodate requests for confidential communications if the disclosure of the information would endanger you.

Right to Be Notified of a Breach. You have the right to be notified in the event the Plan (or a Business Associate) discovers a breach of your medical information.

Right to a Paper Copy of this Notice. You may ask the Plan for a copy of this notice at any time by contacting the individual listed below under the section titled "For More Information." Even if you have agreed to receive this notice electronically, you are still entitled to a paper copy.

CHANGES TO THIS NOTICE

The Plan reserves the right to modify this notice at any time. The Plan also reserves the right to make the revised or changed notice effective for medical information it already has about you, as well as any information received in the future.

If you believe your privacy rights have been violated, you may file a complaint with the Plan or with the Secretary of the Department of Health and Human Services. To register a complaint with the Plan, please contact the individual listed below under the section titled "For More Information." All complaints must be submitted in writing.

You will not be retaliated against for filing a complaint.

Evaluating Your Health Insurance Options What You Need to Know

This letter has been created to help you understand your health insurance options. The health care reform law (called the Patient Protection & Affordable Care Act) requires most Americans to carry health insurance coverage or pay a penalty.

You can:

- Elect employer-provided health insurance (if offered).
- Purchase health insurance through the Marketplace.

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop” shopping to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away.

You may be able to save money on premiums if your employer does not offer coverage, or offers coverage that does not meet government standards. Your potential savings on health insurance premiums would be dependent on household size and income. If you are offered employer-provided health insurance that meets those government standards, you may not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s health plan. If the cost of your employer’s plan to cover yourself only (and not other members of your family) is more than 9.5% of your annual household income, you may be eligible for a tax credit.

Open enrollment for health insurance coverage through the Marketplace generally begins in October each year for coverage starting as early as the following January. Visit www.healthcare.gov to learn more about your options, or to request assistance.
